Discussions	M. Browne opens meeting. He discusses his experience with the Village Board and their suggestions on having more open ended questions in the survey. Alan's emailed suggestions are discussed. R. Puckett speaks about the questions in the survey being too specific and leading the resident, he feels there should be more generic and open ended to give more feedback. M. Browne explains that we have already gone through that process at the public meeting at the fire house when we asked for strengths and weaknesses and our goal now with the survey was to be more specific and get better answers for the comprehensive plan update. Nan spoke about public meeting process for all who attended this meeting and weren't at the public meeting. The board discusses the best placement of more open ended question, beginning, end or middle to make sure we get the best outcome from the survey. They all agree that each will take a look and review Matt's emailed notes and reconvene in a week or two to finalize.
Minutes	D. Flaherty motions to approve October 1 & 21, 2015 minutes; M. Browne seconds; all in favor.
