Present Mark Browne; Richard Phillips; Renee Shur; Steve Phillips; Nan Stolzenburg; George Mayer; Marge & Don Schoonover

Call to Order 6:00 PM

Discussions M. Browne opens meeting and introduces N. Stolzenburg who is the consultant working with the committee to update the plan and states that we officially have the approval for the grant. He discusses other potential candidates for the committee that have shown interest and is optimistic that we will have a full committee. N. Stolzenburg speaks about what the important steps are to starting this update. 1. What's going on in the village now?, 2. Where do you want to go? and 3. What do we do to get there? We are going to start gathering information and talking to the public to see other opinions on what the issues are that need to be addressed and updated in the plan. N. Stolzenburg suggests that we start with a survey to the village community and go from there. M. Browne goes over options on how to display the new plan and possibly a smaller condensed version for a friendlier read. G. Smith states that the plan is digitized and can be searched through by key words, etc. if needed for reference. R. Shur would like to see something that highlights what was updated in 2008 and now in 2015. The committee members present discuss more possibilities for grants to continue this project.
