Village of Kinderhook Comprehensive Plan Update Minutes of August 6, 2015

Absent	Liz Martin, Thomas Mueller, Kim Gray, Alan

Discussions	<p>M. Browne opens meeting with the pretense that the committee can come up with 15 questions for the survey from the public meeting last month or at least get started on putting the survey together. Kristina will circulate the questions from the last survey to review but group discussion agrees that the new survey questions should be more like 25 questions versus the 60 prior and maybe more specific. R. Shur gave an example of a survey that she felt was helpful and will email Kristina the link for everyone to view. The board discusses what we can do as a committee, needing to research what can be done by the village (example – working on the truck traffic issue if there is really anything we can do to change that) before we ask more specific questions about what the community would do to help the village work on these issues. Each board member will get an email from Kristina with prior survey questions, notes from Mark and Renee’s link to check out the survey format she is suggesting. Each committee member is asked to put together their top 5 picks on what they want to see on the survey for the next meeting. The board then discusses different option on taking the survey and suggestions on maybe having a farm market table, setting up a computer at the library, having a paper format at the village office to fill out and of course people can go online and do it themselves.</p>
Minutes	M. Browne motions to approve May 28, 2015, June 4, 2015, July 2, 2015 and July 23, 2015 minutes; D. Flaherty seconds; all in favor.
