**Old Business:** **Pride Post Event**

- Event was a success with approximately 150 people in attendance.
- What went well:
  - Library event back to back was a plus with flag making & pins
  - Speakers were good
  - Hayride was a hit
  - DJ donated his services, thought was to hire him for next year (\$250/300). There is also the possibility that the Kinderhook Business & Professional Association (KBPA) may arrange for music next year.

- Thoughts for next year:
  - Need additional hands for decorating & scale down the decorations
  - Consider event date/time to avoid overlap with Hudson's Pride event
  - Photo booth was too out of the way, not many people knew about it
  - Add face painting and/or sign making
  - Consider having vendors similar to Candle Light Night
- KBPA would like to be more involved with this event next year. D. Weir plans to attend KBPA meetings and will provide information back to the Recreation Commission in relation to future events.

### **Juneteenth Post Event**

- Event was a bit under attended with approximately 20 in attendance, low turnout possibly attributed to the weather being very cool & windy.
- Rhythm sticks, craft with kids, instructions about drum music and how it relates to slavery all contributed to this educational event.
- D. Weir created informational "fact boards" which were posted in the Park.
- D. Weir, using funds from the celebration account, purchased a wreath for a Wreath Laying Ceremony at the Persons of Color Cemetery at Rothermel Park.
- Thoughts for next year:
  - Start promoting event earlier
  - Possibly shorten event time, felt long
  - Include the Historical Society for village and cemetery history.
  - D. Dellehunt recalled how Jack Shainman had an event with African dancers and artists when "The School" first opened in the Village. The Commission should reach out to Mr. Shainman to see if he would be interested in the this event for next year.

### **Summer Program Update**

- All Summer Program Counselors, Assistant Director, & Director have accepted their positions and have been hired. A. van Moessner has also connected the Director to the hired staff.
- County site visit on Friday, went well. The following items to be addressed:
  - Removal of bees nest at the Pavilion and Rest Room, DPW will handle
  - Purchase of a First Aid Box that will be portable for use at the Park and for field trips. Director to purchase cold packs which are not included in the First Aid Box.
- Director met with Nicole Heeder, Village Clerk, to review policy and procedures, and planning for field trips, camp activities - small crafts & games. Policy and Procedures are available at the Village Office and a duplicate set of information will also be available in the Park Office.

- Director, Assistant Director, and Counselors will need to be trained for CPR. Director will arrange for the course to be provided on two nights, giving everybody an opportunity to take the course on either night.
- Flyers to be printed and distributed to announce the program.
- Sometime after the first week of camp, D. Weir will visit the Park and distribute a survey to the parents in hope to obtain new ideas/suggestions for next year's program.

- C. Salazar to contact the library for their teen group participation, they could also help with cider.
- D. Weir to see what paper goods are left from prior events, more may be needed if supply is low.

- Since the hayrides are such a big hit for events and Jake Samascott is always willing to provide this activity at no cost, A. van Moessner suggested the Recreation Commission offer up to \$150 to cover his time and gasoline should he be able to provide this activity for Community Night.

- D. Weir will have the summer camp parent survey by end of August and A. van Moessner requested feedback if parents would be interested in a full day summer camp program.
  - D. Weir expressed the Health Department’s concerns if program changes to full time, some being:
    - Refrigerator is needed
    - Heating degree days - procedures for cancellation due to heat
- The Village Board will need to approve a full day program.
- Financing - A. van Moessner suggested charging a nominal amount for full day, currently half day is only serving a small portion of the residents.
- The Director, Assistant Director, and Counselors would need to be asked if they would be interested in full day.
